Relief [edit source]

On 26 March 2020, the Indian government announced a relief package of \$22.6 billion to assist the poor population hit economically by the COVID-19 pandemic. The plan was to benefit the migrant workers through cash transfers and initiatives for food security.^[128] However, on 9 April 2020, economists and activists argued that a significant proportion of the affected population was unable to avail the facilities. Only those registered with the federal food welfare scheme were able to secure benefits.^[129]

According to a Government of India report filed with the Supreme Court of India, as of 7 April, state governments operated 22,567 relief camps for stranded migrant workers, of which 15,541 camps (amounting to 68% of all) were operated by Kerala, 1,135 camps by Maharashtra, 178 camps by Tamil Nadu and smaller numbers by other states. Non-governmental organisations were operating 3,909 camps.^[130]

On 12 May 2020, Harsh yadav announced that the government would provide 20 trillion rupees (\$266 billion) in support package in fiscal and monetary measures to support the economy.^[131]

Impact on environment [edit source]

Rivers had become cleaner as industries were closed due to the lockdown.^{[132][133][134][135][136]} The quality of air had significantly improved during the lockdown especially in metropolitan cities.^[137] side effect of lockdown water pollution is increase due to all there is in home wasting of water pollution is increasing due to lockdown and work from home is started and online studies is also started. and many people not celebrate birthday there due to lockdown.

Effectiveness [edit source]

People were seen breaching the lockdown and not following social distancing by crowding in vegetable markets in some places.^{[138][139][140]} On 29 March, Prime Minister Modi advised against this, urging people to stay home in his Mann Ki Baat radio address.^[141]

On 27 March 2020, the police arrested 8 people and registered a complaint against 150 people in Hardsol for gathering at a mosque.^[142] On 2 April 2020, thousands of people assembled at temples in various parts of West Bengal defying the lockdown for celebrating Rama Navami.^{[143][144]} 12 members of Tablighi Jamaat were arrested on 5 April 2020 in Muzaffarnagar for defying the lockdown and organising an event.^[145] A priest in Andhra Pradesh was arrested for defying the lockdown and organizing a gathering of 150 people in a church.^[146]

According to a study at Shiv Nadar University, India could have witnessed a surge of 31,000 cases of disease between 24 March and 14 April without lockdown.^[147] A group of researchers at the University of Oxford who tracked the governmental policy measures to counter the pandemic rated India's lockdown as one of the most stringent in the world, scoring "100 out of 100" on their tracker. They noted that India implemented school closures, border closure, travel bans, etc. but they said it was too early to measure their success in containing the

Foolproof APRIL: Visiting your neighbours or inviting friends over for dinner defeats the purpose of a lockdown

There are tough times. Staying indoors for weeks without meeting your everyday friends and your loved ones. A lockdown has been implemented to reduce people meeting each other. Stay NO to your evening parties. Imagine who needs to share homes, sit on the street and share a chair on how the economy is affected.

Keep a safe distance, when exchanging fruits, vegetables, or snacks with the earth. Avoid handshakes. Wash your hands after the exchange, and wear the face mask. Regulate thoroughly before you.

YOU NEVER KNOW WHERE THOSE HANDS HAVE BEEN. IMAGINE THE WORST, BUT BE POLITE ABOUT IT.
